

Do you want to learn more about the Internet and all the different ways it can help you?

- Saving money on bills
- Applying for jobs
- Creating a CV
- Creating email accounts
- All the information you need at your finger tips

For our **get online week** we are opening here as a drop in centre for anybody to come in and find out how the internet can help you, we will have members of staff available throughout the day offering sound advice and helpful hints and tips. If you just want to search the internet for services and information or create yourself a new CV it we are open to all so please come down and support **get online week**.
